RESUME SUMMARY

I am a Computer Science and Engineering student with a strong interest in software development and web technologies. I have knowledge of Java, Python, SQL, HTML, CSS, JavaScript. I enjoy learning new technologies, solving problems, and building projects. I am looking for an opportunity to start my career where I can improve my skills, gain practical experience, and contribute to the success of the organization.

PERSONAL DETAILS

Current Location Vempalli
HomeTown VEMPALLI
Date of birth Feb 02, 2004
Gender Female

EDUCATION

Graduation B.Tech / B.E. (Computer Science and Engineering (CSE))
Kandula Lakshamma Memorial College of Engineering For Women, Kadapa. Graduating in 2027
CLASS XII Andhra Pradesh
with 73% in 2023
CLASS X Andhra Pradesh
with 95% in 2021
Certification Course NPTEL (Validity: Jul'26 - does not expire)
NCETEM-2K26 National Conference on Emerging Trends in Engineering & Management (Validity: Feb'26 - does not expire)
SQL (Basic) (Validity: Jun'26 - does not expire)
Introduction to HTML (Validity: Jun'26 - does not expire)
python(basic) (Validity: Feb'26 - does not expire)
Javascript for beginners (Validity: Jun'26 - does not expire)

INTERNSHIPS AND PROJECTS

Internships Smartbridge (May 2026 - Jul 2026)
Worked on developing a Customer Registry web application using Node.js, Express.js, MongoDB, HTML, CSS, and JavaScript. Implemented CRUD operations, connected the application to MongoDB Atlas, developed REST APIs, tested application features, and gained practical experience in full-stack web development.
Projects Customer registry project (May 2026 - Jul 2026)
Developed a Customer Registry System, a full-stack web application for efficiently managing customer information. Designed and implemented RESTful APIs using Node.js and Express.js to perform CRUD (Create, Read, Update, Delete) operations. Integrated MongoDB Atlas with Mongoose for secure and efficient database management. Built a clean and user-friendly interface for managing customer records, including customer name, email, phone number, and address. Tested and debugged the application to ensure smooth functionality while gaining hands-on experience in full-stack web development.
my personal portfolio (Feb 2026 - Feb 2026)
Designed and developed a responsive personal portfolio website using HTML5 and CSS3. Created dedicated sections for About, Skills, Projects, and Contact. Implemented a responsive layout for desktop and mobile devices. Hosted the website using GitHub Pages for public access. Applied clean UI design principles to improve usability and navigation.
Skills used - Html/Css

SKILLS AND ACHIEVEMENTS

Skills HTML , CSS , Javascript , Python
Languages Hindi (Spoken) , English (Both) , Telugu (Both)
